JAFCO

Description

The Jafco J65 Met and Ankle Protection Safety Boots are designed to deliver superior protection, comfort and convenience for demanding work environments. These metal-free boots feature advanced metatarsal and ankle protection, combined with a durable full-grain cow leather upper and a heat and chemical resistant sole for all-day safety.

Features

- Metal free construction for lightweight safety.
- Anti-static properties for electrical safety.
- Waterproof and breathable design to keep feet dry.
- Oil and acid resistant outer sole for chemical protection.
- Slip resistant for reliable traction on all surfaces.
- 200J toecap protection for impact safety.
- Heat resistant outsole up to 300°C.
- 3M Thinsulate lining for thermal comfort.
- Poron metatarsal protection for added impact safety.
- Ankle protection for additional support and safety.
- YKK side zip for quick removal.
- Full grain cow leather upper for added durability.

Standards

EN ISO 20345:2022+A1:2024 S7S SR HI CI SC
M AN LG HRO FO

SR – Slip-resistant outsole.
HI – Heat-insulating sole.
