Description

The Jafco FR AS Hi-Vis Long Sleeve Orange Waistcoat is designed to provide reliable visibility and protection for workers operating in demanding environments. Made from 98% polyester and 2% antistatic material, this high-visibility waistcoat combines durability with essential protective properties for added confidence on the job.

Featuring retroreflective tape, the waistcoat enhances visibility in low-light and poor-weather conditions, helping workers remain more easily visible to others. Its bright orange colour and long-sleeve design make it particularly suitable for rail, construction, transport and other high-risk working environments where high visibility is essential.

Features

- 98% polyester
- 2% antistatic material
- High-visibility orange colour
- Long-sleeve design
- Retroreflective tape for enhanced visibility
