JAFCO

Description

The Jafco Flame Safety Glasses are lightweight safety spectacles featuring durable polycarbonate lenses with an anti-fog treatment, providing reliable eye protection and clear vision in industrial, workshop and site environments. Clear lenses are suited to indoor, low-light and general-purpose applications, while smoke lenses help reduce glare and brightness for outdoor work and well-lit conditions.

Features

- Durable polycarbonate lenses provide reliable protection against particles.
- Anti-fog treatment helps maintain clear vision during use.
- Optical Class 1 lenses provide clear, distortion-free vision
- High-speed impact resistance provides dependable eye protection
- Lightweight orange and black frame provides comfortable extended wear.
- Suitable for industrial, workshop and site environments.

Standards

EN 166 1.F.T

1 – Optical Class 1 lenses for high optical clarity and extended wear.

F – Low-energy impact protection against high-speed particles (45 m/s).

T – Certified for impact protection at extreme temperatures (-5°C to +55°C).

Product Codes

JFSP04 (Clear Lens)

JFSP06 (Smoke Lens)
