JAFCO

Description

High visibility, flame retardant, anti-static, and arc protected long sleeve sweatshirt designed for protection against radiant, convective, and contact heat. Made from a durable blend of Polyester, Modacrylic, Cotton, Aramid, and Anti-Static fibres with FR heat applied chevron segmented reflective tape for enhanced visibility, breathability, and garment stretch. Features a 3-button placket and offers reliable protection for industrial and high-risk work environments.

Features

- Flame retardant and anti-static for enhanced safety.
- Arc and heat protection for industrial environments.
- Chevron design segmented reflective tape for high visibility and breathability.
- 3-button placket for easy wear.
- Durable blend of Polyester, Modacrylic, Cotton, Aramid, and Anti-Static fibres.
- Branding options available (heat seal and embroidery).

Conformities

- EN ISO 20471:2013 Class 3
- RIS-3279-TOM
